Sierra has been such a positive addition to my third period history class this year. She is incredibly creative and has made some of the best props and projects that I have received this year. Her attention to detail and willingness to work outside of the classroom, has allowed her to do really well in class this year. Sierra is also one of the most humble students I have met in this school year. She just does her work and does it well and does not expect any kind of recognition for it, in fact she is often embarrassed when her good work is acknowledged. So Sierra, here I am embarrassing you for a final time. Thank you for working so consistently and being brave enough to be creative in your efforts. It is not common in this day and age, and I have appreciated it so much!

-Miss Glassmire

CECILY BELL

Cecily has been an absolute delight to have in class! Though she is quiet, she is a fierce worker and has put forth her best effort on everything I've thrown at her this year. Cecily is quick to pick-up new concepts and has done very well with applying the content to higher-level questions and assignments we have come up with this year. He stood out when he had one of the most elaborate colonial job fair presentations and he has continued to work diligently and with an attention to detail. Trenton is also kind and considerate towards his peers and works well in any group or situation he is faced with. I've found that he is a good student and does his best to get his work done well, but Trenton also loves to entertain when he can and has proven himself to be a true goofball in the best sense of the word. He has provided countless moments of laughter to our third period class and in the hallway in the mornings or at the end of the day and it has really brightened my day when I've needed it. Thank you for being you, Trenton! It's been a pleasure having you in class this year.

DAMIAN FLORES

Damian is one of the hardest working students I have had this year. He has come into class every day and tried his best on whatever assignment was put in front of him. Addie is someone that just likes to do well. She wants to succeed at every task, no matter what it is or how much it's worth points-wise. Addie came into history class every day this year willing to work and demonstrated an attention to detail that I greatly appreciated. She is someone that paid attention when directions were given and focused until her work was complete. She was a great leader when we were working in small groups, as she kept her classmates on task, and she consistently asked questions throughout the year to make sure she was doing what she was supposed to be and to help guarantee her work was of high quality. Thank you for being a bright spot in our first period class, Addie! Your hard work did not go unnoticed!

Donovan's appreciation for humor and sarcasm brightened my day in some of our more stressful class periods and he wasn't someone I had to worry about in our third period class. Thank you for doing what you were supposed to and for chuckling at my nonsense throughout the year, Donovan! It was greatly appreciated.

It has been my pleasure to watch Gabe grow over these past years. He was a shy, quiet kid that has bloomed into a very respectful, kind young man. I know he struggles with peer pressure, but I have seen him stay strong to what he believes in even when his peers do not respect his decisions.
